

LOST & FOUND RESALE INTERIORS

How Lost & Found prices local delivery and consignor pickup

This is how Lost & Found Resale prices local Arizona delivery and consignor pickup. The same rules apply to both. Use this guide to understand how we provide quotes.

Core formula

FINAL = (route + multi-item + large + heavy) × trucks + stairs + assembly

Rate & base route

Item	Rule
Base price	\$95 covers ~15 min one-way truck time (round-trip billing)
Standard rate label	billed at 95/hr
3-person crew rate	billed at 130/hr — see oversize crew rules below
Two trucks	billed at 95/hr · two trucks (2× route-side adders)
Truck time shown	Google mapped time + 3 min (local truck travel)
Distance shown	Mapped miles (unchanged)

Truck time !' price (one-way truck minutes)

Google (car)	Truck time shown	Typical route price
12 min	15 min	\$95
14 min	17 min	\$100
16 min	19 min	\$105
22 min	25 min	\$115

Customer fine print: "Distance is based on the mapped route. Drive time includes local truck travel time and is not live traffic."

Piece surcharges (local delivery + pickup only)

Surcharge	When	Amount
Multi-item	3rd piece and up (first 2 included in base)	+\$5 if footprint "d 24×24 in · +\$10 if bigger
Large piece	Any piece — width, depth, OR height > 60 in	+\$10 per piece
Heavy piece	Any piece — weight > 300 lb	+\$10 per piece
Stairs	After 1st flight	+\$7 per additional flight

- Large and heavy apply to every qualifying piece, including the 1st and 2nd.
- Multi-item only starts on the 3rd piece.
- A piece can stack surcharges (e.g. large sofa + heavy safe = +\$20 on that piece).

Disassembly & reassembly (local delivery + pickup)

Asked on the local/pickup form (job-level). First 15 minutes of disassembly/reassembly with wrapping/prep is included in the base route — no extra charge. Only minutes entered BEYOND that 15 are billable.

Local Delivery & Pickup Pricing

Customer answers	Price	What customer sees
No	\$0	Nothing extra
Not sure	\$0	Treated as no for pricing
Yes !' within 15 min	\$0	Needed — within 15 min with wrapping/prep (no extra charge)
Yes !' over 15 min !' No	\$0	Required, but no extra time billed
Yes !' over 15 min !' Not sure	\$0	Required, no extra time billed
Yes !' over 15 min !' Yes + X extra min	Fee on X	Additional X min · Total (15+X) min
Extra minutes > 60	Fee applies + staff flag	Red note: confirm time with customer

Assembly fee formula: extra minutes only (beyond included 15) × (\$95 ÷ 60 per minute), rounded up to nearest \$5. Does NOT add to route/drive minutes.

- 20 extra minutes !' \$35 assembly fee (15 min route \$95 !' total \$130)
- 75 extra minutes !' \$120 assembly fee + manual review to confirm with customer
- Assembly fee is added AFTER the truck multiplier (not doubled on two-truck jobs).

Customer email shows minutes only for assembly — not a separate dollar line for the assembly fee (fee is in the total).

Stairs

Flights of stairs	Stair fee
1 flight	\$0 (included)
2 flights	+\$7
3 flights	+\$14
4 flights	+\$21

- Stairs fee is added after truck multiplier (not doubled on two-truck jobs).

Extra crew & two trucks

Customer selects	Route rate	Multiplier
Standard (2 movers)	billed at 95/hr	×1 truck
1 extra person (3 total)	billed at 130/hr	×1 truck
2 extra people (4 total)	billed at 95/hr · two trucks	×2 trucks on route + multi + large + heavy

- Customer must explain why extra crew is needed (form validation).
- Oversize items (299+ lb & over 72 in H, or 450+ lb) auto-use \$130/hr even if customer did not select extra crew.

Out-of-town / long haul (still local truck)

- Round trip over 100 miles !' still billed at full \$95/hr (no discount).
- Label may say “Best-Guess Estimate (Out of town — callout)” — confirm before scheduling.
- If 2 extra people on a long-haul job: two trucks at full \$95/hr.

What doubles on two-truck jobs vs what does not

Component	×2 trucks?	Notes
Route price	Yes	Based on drive time at applicable hourly rate
Multi-item / large / heavy adders	Yes	Added before multiplier
Stair fee	No	Added once after multiplier
Assembly fee	No	Added once after multiplier

Manual review flags (may not auto-add \$)

These flag staff for follow-up. Estimate still generates but team should confirm:

- Stairs, extra crew, oversize 3-person crew, assembly over 60 extra minutes
- Freight elevator · tight turns / narrow halls · long carry
- Fragile / special handling · parking or time restrictions · gated access
- One-way drive over ~75 minutes · out-of-town 100+ mile round trip

3-person crew (\$130/hr) — separate from +\$10 surcharges

- 299+ lb AND over 72 in height, OR
- 450+ lb (any height).

Wide sofas alone do not trigger 3-person crew unless weight/height rules apply.

Examples — delivery & pickup (same math)

Example 1 — Simple nearby job

1 chair · 20×20×36 · 25 lb · ~15 min truck time
Route \$95 · Multi \$0 · Large \$0 · Heavy \$0 !' Total \$95
Shows: Preliminary Estimate \$95 · billed at 95/hr

Example 2 — Three small items

3 side tables · each 20×20×24 · ~15 min truck
Route \$95 · Multi +\$5 (3rd piece, small) !' Total \$100

Example 3 — One sofa (large dimension)

1 sofa · 84×36×34 · 180 lb · ~15 min truck
Route \$95 · Large +\$10 (width > 60 in) !' Total \$105

Example 4 — Heavy dresser

1 dresser · 40×20×34 · 320 lb · ~15 min truck
Route \$95 · Heavy +\$10 !' Total \$105

Example 5 — Armoire (large + heavy + 3-person crew)

1 armoire · 40×24×80 · 450 lb · ~15 min truck
Route \$130 (3-person) · Large +\$10 · Heavy +\$10 !' Total \$150
Shows: billed at 130/hr

Example 6 — Farther address + multi-item

3 small chairs · Google ~19 min car !' truck 22 min
Route ~\$110 · Multi +\$5 (3rd chair) !' Total \$115
Customer sees ~22 min each way (not 19).

Example 7 — Stairs

1 chair · ~15 min · 3 flights of stairs
Route \$95 · Stairs +\$14 (2 extra flights × \$7) !' Total \$109

Local Delivery & Pickup Pricing

Example 8 — Busy delivery (4 pieces)

22 min truck · 2 flights of stairs
2 small decor (16×16) — in base
1 table 66×40 — multi +\$10, large +\$10
1 cabinet 36×24×74 · 310 lb — multi +\$10, large +\$10, heavy +\$10
Route \$110 · Multi +\$20 · Large +\$20 · Heavy +\$10 · Stairs +\$7 !' Total \$167

Example 9 — Two-truck job

2 large sofas · ~15 min · 2 extra people / two trucks
(Route \$95 + large +\$10 + large +\$10) × 2 trucks !' Total \$230
Shows: billed at 95/hr · two trucks

Example 10 — Disassembly within 15 min (no charge)

1 bed frame · ~15 min · Assembly: Yes, within 15 min
Route \$95 · Assembly \$0 !' Total \$95
Customer sees: disassembly needed — within 15 min, no extra charge.

Example 11 — Disassembly over 15 min (+20 extra minutes)

1 armoire · ~15 min · Assembly: Yes, over 15 min, 20 extra minutes entered
Route \$95 · Assembly +\$35 (20 min @ \$95/hr, not added to drive time) !' Total \$130
Customer sees: Additional 20 Minutes · Total 35 Minutes (15 included + 20).

Example 12 — Everything stacked

2 chairs + 1 table (66×40) · 22 min truck · 2 flights · Assembly +30 extra min · 1 extra person
Route ~\$110 · Multi +\$10 · Large +\$10 · Stairs +\$7
Assembly +\$50 (30 min @ \$95/hr — separate from route time)
Note: if 3-person crew triggered, route becomes \$130 base instead of \$110.

What customers receive

- Thank you, [Name]
- Preliminary Estimate: \$XXX
- billed at 95/hr (or 130/hr / two-truck variant)
- Estimated drive time (truck-adjusted) · round trip · miles each way
- Local truck travel time disclaimer
- Optional: multi-item, large-item, heavy-item handling lines
- Optional: disassembly/reassembly minutes (or within-15-min note)
- Optional: confirm-with-customer banner if assembly > 60 extra min

Pickup vs delivery: same numbers — wording says consignor pickup or local delivery.

Not included on local/pickup

- Nationwide freight (different pallet/LTL pricing — assembly affects range, not this sheet)
- Raw Google/car drive minutes (internal only)
- Per-item assembly questions on nationwide form (local/pickup uses job-level assembly question)

Internal use only · Lost & Found Resale · Local AZ delivery (local_az) & consignor pickup (pickup_az) · Nationwide freight uses different rules
